18 June 2003

From: Deputy Director, Surface Ships (OPNAV N76E)
To: Distribution

Subj: DAMAGE CONTROL/FIREFIGHTING/CBRD WORKING GROUP
CONFERENCE

Ref: (a) COMNAVSEASYS COM MSG 131640Z JUN 03

1. The OPNAV/NAVSEA sponsored Damage Control/Firefighting/CBRD Working Group (DCFFCBRDWG) Conference addressed in reference (a) will be held 10 and 11 September 2003 in Norfolk, VA. The agenda and registration information are available at www.dcffwg.navy.mil. This year's theme, "Learn it, Live it, Pass it on", serves to foster the continuing commitment to operational Fleet readiness and personnel safety.

2. The DCFFCBRDWG Conference brings together all levels of the Navy Damage Control, Firefighting and Chemical/Biological/Radiological Defense community. It is a superb opportunity for the fleet Sailor to exchange ideas with those who formulate Navy policy and the technical experts who develop new doctrine, tactics and equipment. We look forward to this open forum to discuss the future of Damage Control/Firefighting/CBRD and encourage each command to participate in this event.

3. The uniform will be summer khaki. The N76 point of contact is Mr. Timothy Harmon (OPNAV N762M2, DSN 664-7633, Comm (703) 604-7633).

R. A. SPICER
Captain, United States Navy
Deputy Director, Surface Ships
